

## Minutes from CEESA WP2 Meeting

**Date:** 21 April 2008  
**Place:** AAU

### **Present:**

Henrik Lund, AAU  
Brian Vad Mathiesen, AAU  
Mads Pagh Nielsen, AAU  
Niclas Scott Bentsen, KU-KVL (Tlf: 35 33 17 14)

### **Discussion and decisions**

Mads and Brian presented the work on the transport demand/technologies scenarios.  
Niclas presented the work on the bio-energy conversion.  
A number of small changes was discussed and decided.

The following was decided:

- Mads will implement the small changes into the scenario spreadsheet model before thursday.
- Niclas will continue the work on the bio-energy conversion paper
- Henrik will make a first draft/outline on a paper to be presented at the coming seminar at Avernæs in June based on the draft from Brian and the spreadsheet from Mads. Afterwards via e-mail will the paper be improved by all members of the WP2 group. Deadline for the final paper is mid May in due time before the Avernæs seminar.

Next meeting will be decided at the Avernæs seminar.
